Dear Colleague,

With 6 months to AACNS 2022, we are pleased to share with you that planning for a fully **in-person congress** is moving at full speed and we very much look forward to hosting you in Jerusalem, Israel. Abstract submission is now open!

Asia, Europe, America (AASNS, ACN, EANS, AANS) and the rest of the globe, are joining forces for a large international physical Congress including all sub specialties of clinical neurosurgery, innovation and a very rich extra curricular program.

Share your work and be part of the invigorating program, covering all the relevant and current trends in clinical neurosurgery.

Are you still wondering why you should submit?

Abstract submission deadline: May 2

Here are four more reasons:

- Present your research to an international neurosurgery community
